BRITISH HIGH COURT REVERSES DECISION

Greene and Gaynor Must Come
Back to Stand Trial.

INDICTED WITH CAPTAIN CARTER

These Men Will Now Be Tried in the United States Courts for Embezzlement and Defrauding the Government.

London, Feb. 10.—(Delayed in Transmission.)—The privy council rendered its decision this morning in the Greene-Gaynor case, in favor of the American government.

The council reversed in two judgments of Justice Caron, of Quebec, Aug. 13, 1902, and ordered the respondents to pay the costs of the appeal. The council's decision caustically criticizes the action of Justice Caron in releasing Greene and Gaynor, and Caron's "extraordinary intervention," and adds:

"Where a prisoner is brought before a competent tribunal charged with

been returned were denied by Justice Caron. After a long legal controversy, Gaynor and Greene obtained their liberty within the limits of the province of Quebec. The United States government then appealed to the privy council of England, the highest court in that country.

WOMAN BRAVEST OF ALL.

After Captain of Boat Became Exhausted, She Steered Craft.

Halifax, N. S., Feb. 11.—The second boat from the wrecked Furness Line steamer Damara reached port Thursday. It contained Captain Gorst, ten of the ship's crew, and three passengers. One of the latter was a woman, and to her presence, in the boat the men attribute their safety.

Though 12 hours in the open boat with the temperature at 2 below zero, and a mighty gale lashing the sea, the gallant sailors bent to their oars, while Mrs. Prowse, bearing up under the ordeal with heroic courage, cheered them at their task.

A score of times they were almost overcome by the cold. Waves repeatedly dashed over the boat, the water freezing as it fell and turning the sailors into statues of ice. Captain Gorst became so numbed that the tiller dropped from his hand, and Mrs. Prowse seized the line herself and guided the boat in its heartrending progress toward shore.

When near the landing at Pleasant Point, whence the news of their arrival was telephoned today, the sailors were so worn out that they could not force the boat through the surf, and the men on shore waded and dragged the boat in.

BROTHERS CHARGED WITH TRIPLE MURDER

Their Victims Were Found Completely Beheaded.

ROBBERY THE SUPPOSED CAUSE

All the Evidence Was Circumstantial, But Prisoners Were Bound Over by Verdict of Coroner's Jury—Father Had Sold Farm for Sum of Money.

Marion, Ark., Feb. 11.—John and Albert Boylan are in jail charged with murdering father, mother and brother. The crime occurred on a farm tenanted by the family. Robbery is supposed to have been the cause, the sons knowing that their father had recently sold his farm for a good round sum, part of which it was thought he had with him.

The crime was discovered by John Garrett, who, riding by the Boylan home, saw the body of Rush Boylan lying in the front yard, decapitated. As soon as he entered the yard evidence of a fierce struggle met his vision. Rush Boylan's head lay to one side, where it had rolled when severed by an ax, the instrument used in executing the three murders. In the doorway was the mangled and decapitated corpse of the mother, her clothing torn and covered with gore. She had evidently died resisting blows.

Garrett went through the house looking for the old man, who he knew well, as he did every member of the family. In the kitchen, on the floor, were the remains of his friend, his head also severed from the body. In the same yard with this tenement of murder was the home of John and Albert Boylan, eldest sons of Albert Boylan. Their home is in speaking distance of their father's.

All the evidence was circumstantial. A verdict of murder was returned by the coroner's jury, and the two boys were accused of the crime. They were bound over to the next term of court.

TO GIVE CHINA MONEY BACK.

Refund Uncle Sam's Part in Putting Down Boxers Uprising.

Washington, D. C., Feb. 11.—Secretary Hay, with the president's approval, has practically decided that the \$22,000,000 which China paid to this country for the expense it was put to in aiding in the suppression of the Boxer uprising, will be returned to China after the war. Mr. Hay fears that if returned before the end of the war it might produce jealousy among the neutral powers, which might affect his plan for the preservation of China.

This government's total award in the settlement of the Boxer trouble was \$24,000,000, of which \$2,000,000 was for the payment of claims of citizens and missionary societies and most of the latter has been paid out.

Mr. Hay believes that the money can be returned to China without a special act of congress, and he considers that this country is not honestly entitled to it, because it was spent in protecting American citizens and their rights from an uprising for which China was not responsible.

EMBEZZLEMENT CHARGED.

Young Alabamian Arrested in Valdosta, Ga.

Valdosta, Ga., Feb. 11.—Morgan Sweet, Jr., a 15-year-old lad of Montgomery, Ala., was arrested here this afternoon on a charge of having embezzled \$500 from parties in the former city. The boy was taken in custody as he stepped from the train at the depot on the strength of a telegram from Montgomery. He had \$271 in his pockets and claims that the balance of the money was stolen from him at Dothan, Ala., while he was asleep in the railroad waiting room.

Young Sweet is a bright-faced, intelligent looking boy, well dressed and of good appearance. His father is said to be a well known insurance agent in Montgomery.

The chief of police of that city will arrive Saturday morning. The boy is spending the night in jail.

FORTY-TWO DEGREES BELOW

Is the Kind of Weather Lieut. Pike Experienced.

In a letter to The Sun, dated Fort D. A. Russell, Wyoming, February 6th, Lieut. Roland S. Pike, 11th Infantry U. S. A., says:

"Dear Mr. Me: Enclosed find check for \$2.00 on payment of my subscription to Semi-Weekly Sun and also for father's subscription to be sent to him at Columbia, S. C.

"We have been having some very cold weather and lots of snow. A few days ago the temperature was reported 22 degrees below zero, but it is much pleasanter now.

"Recently I was ordered to Fort Washakie for duty as a member of a general court martial, and had to make a stage trip of 147 miles in the Rocky Mountains. The night before we went over the Divide the temperature was reported 42 degrees below zero, but was somewhat milder when we struck it—about 10 or 15 degrees below.

"We made the trip in thirty-three hours coming back, traveling night and day, and all crowded up in a light mountain wagon. We wore our heavy army overcoats, with buffalo coats over them; furcaps and gloves; two pairs of woolen socks, with Dutch felt socks and overshoes over them; a lantern between each man's feet, and blankets fore and aft.

"I started to say something about Florida sunshine, but the other members of the party wouldn't stand for it. With kind regards,

"R. S. PIKE."

UNDER THE SNOW.

Under the snow there is life, there is death. From under the snow the sweet-scented breath Of the springtime will rise again.

From under the snow the slumbering earth Will wake with its verdure and warm into birth, The flowers to bloom again.

Under the snow there are blessings in store, For the garner and home, for the rich and the poor— For the harvest will come again.

God dresseth the earth in the "beautiful snow," And His promise is sure that He gave in the bow— The fields shall be fair again.

Thus under the shadows and cares of this life, The heart may be clouded in sorrow and strife— But the sunshine will come again.

WIFE-MURDERER McCUE HANGED

Confessed to Crime Before He Ascended to the Scaffold.

Charlottesville, Va., Feb. 11.—J. Samuel McCue, former mayor of the city of Charlottesville, was hanged today for the murder of his wife.

McCue confessed to murdering his wife before ascending the scaffold, saying that he was impelled to commit the crime by an evil genius, over which he had no control.

Supreme Court Refused New Trial.

Washington, Feb. 11.—Justice Harlan has denied the application for a writ of error in the McCue case.

Edward McCue and Mrs. Rhodes, brother and sister of J. Samuel McCue, and the latter's daughter, Ruby, visited the governor of Virginia today, but the result is not announced. It is not thought the executive will interfere.

McCue's attorney is waiting for the report of three physicians, one from Alexandria, Washington and Fredericksburg, to examine McCue, as to sanity. If they return the report that he is insane, they will apply to the governor for a respite. They have a sworn record from a western state hospital as to the insanity and treatment of the father and grandmother of McCue.

OVER ONE HUNDRED STRIKERS ARE KILLED

Disturbances In Russia Are
Renewed With Vigor.

STRIKERS CONGREGATING AGAIN

Twelve Thousand Men Strike at Big Iron Works in St. Petersburg—Several Factories Increased Wages to Prevent Trouble.

Warsaw, Feb. 11.—Over 100 strikers were killed or wounded in front of the big iron works last night at Sosnogice.

The strikers had attempted to put out the fires in the furnace when the troops fired several shots.

Lodz, Feb. 11.—The strikers are again gathering about the mills today, threatening destruction. More troops have arrived and bloodshed is expected hourly.

St. Petersburg, Feb. 11.—The entire force of the Putloff and France-Russian Iron Works struck today because they were unable to agree with the management on an eight-hour day.

Twelve thousand men are out on strike. Several other factories have increased the wages of the men to try and prevent them from quitting work, but their action has been condemned by the other concerns.

The strikers began parading the streets in an attempt to induce other men employed to quit work, but the troops impeded their progress and finally dispersed them.

TROOPS TO ESCORT FELTNER.

When He Goes to Breathitt County to Give His Testimony.

Lexington, Ky., Feb. 11.—Attorney B. F. Jouett, representing Mrs. Abrella Mareum in her damage suit against the Hargis family and others, has stated that Governor Beckham would be asked for a battalion of soldiers to escort Mose Feltner to Jackson on the 20th of this month, at which time he is to appear before the circuit court to answer to the indictment for killing Jesse Fields. It is said that Feltner is in constant fear of bodily harm, and refuses to sit near a window in the house of Mr. Pigg, where he is kept under surveillance. After giving his depositions, Feltner said:

"I have told the truth, but I know I will be shot for it. I am going to be killed, and mark what I tell you."

It was made known today that the letter which Lewis Hayes slipped into his pocket told him to "do the right thing," and stated that he would be protected. It also said that if he made any depositions he could not only have to stand trial for killing Fields, but for killing Tom Frazier, and for robbing the mails.

Kaiser Favors Teetotalism.

Berlin, Feb. 11.—Emperor William has given his support to a move to allow officers to drink toasts in water or non-alcoholic beverages. Dr. Adolph Banzer, of Munich, a member of the Society Against the Misuse of Spirituous Liquors, asked if officers might not drink toasts in water. The Prussian minister of war replied that his majesty's command the department to inform him that "no compulsion exists to partake of toasts in alcoholic drinks, and that it may be left to the movement now in progress to advance this idea in all circles."

Policeman Caught Robbing Store.

Milwaukee, Wis., Feb. 11.—Patrolman John Roach, a trusted member of the Milwaukee police force for 11 years, has been arrested by Detective Fred Peck, his brother-in-law, for burglary. The policeman entered the grocery store of George H. Ackerman, while on duty Tuesday night, and was caught taking cash from the till. Roach has an invalid wife and several children living in Warren avenue. The large expenses of supporting the sick wife and large family are said to have led to the robbery. Roach occupies a cell in the Central police station.

JOHN F. GAYNOR.

an extradition offense and is remanded for the express purpose of affording the prosecution an opportunity of bringing forward evidence whereby the accusation is to be supported, if in such a case upon a writ of habeas corpus a learned judge treats a remand warrant as a nullity and proceeds to adjudicate the case as though the whole evidence was before him, it would paralyze the administration of justice and render it impossible for proceedings in extradition to be effective."

The decision simply reverses Justice Caron's judgments and leaves Greene and Gaynor under remand as before Justice Caron intervened.

History of the Case.

John F. Gaynor and Benjamin D. Greene, were indicted in Savannah, Ga., Dec. 8, 1899, charged with embezzlement and defrauding the United States government together with Captain Oberlin M. Carter, in the performance of government contracts for the improvement of the Savannah river and other river and harbor work in that district, the illicit profits being estimated at \$2,000,000.

Gaynor and Greene were arrested in New York. They contested extradition to Georgia and when the United States commissioner decided that they must go to that state and plead to the indictments they fled to Canada. They had been at liberty on \$40,000 bail each, and this was forfeited. Efforts to extradite Gaynor and Greene from Montreal were progressing favorably and the extradition commission was sitting in Montreal when Gaynor and Greene went to Quebec. A question arose as to whether they could be brought back and detectives kidnaped them and took them to Montreal. There was a big legal fight over this action and a Quebec judge issued a writ of habeas corpus which was served on the jail at Montreal who delivered up the prisoner without notification to the extradition tribunal and permitted them to be rushed back to Quebec. Efforts to quash the writ of habeas corpus under which they had
